

the accounts in the three equity strategies and two fixed income strategies were transferred to Rockefeller Capital Management and continued to be managed under the same strategies, using the same process and by the same team that was primarily responsible for the performance at the prior firm. The prior firm was not GIPS compliant. We are not claiming GIPS compliance on performance prior to February 2020

Sustainable Income focuses on high quality, established companies with above average and growing dividend yields. The combination of stable growth and dividend payments provides total return with less risk. Our investment philosophy involves identifying companies with a high dividend yield and earnings yield, thus creating an expectation of both growth and income. The benchmark for Sustainable Income is the Russell 1,000 Value Total Return Index.

Merlin Wealth Management's policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request. The minimum portfolio size for inclusion in the composite is \$25,000.

Returns are presented pure gross and net of fees. Pure gross of fee returns are calculated gross of all wrap fees. Net of fee returns are calculated using actual account fees. Internal Dispersion is calculated using the standard deviation of the returns of the accounts present for the full year (or partial year when a full year is not shown) where all accounts are equally weighted. This metric uses pure gross returns.

All accounts included in the composites are charged wrap fees. The wrap fees are all inclusive and cover advisory, asset management, custody, bill pay, cash management and trading services & expenses which cannot be dis-aggregated. The standard fixed management fee for accounts with assets under management of up to \$25 million is 1.00% per annum; 0.85% from \$25 million to \$50 million; 0.70% from \$50 million to \$100 million; 0.50% thereafter. Please note this fee schedule includes non-asset management fees inclusive of cash management, client advisory, and estate planning; fees may be negotiated.

Merlin Wealth Management claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Merlin Wealth Management has been independently verified for the period February 1, 2020 through December 31, 2020. The verification reports are available upon request.

A firm that claims compliance with the GIPS® standards must establish policies and procedures for complying with all the applicable requirements of the GIPS® standards. Verification provides the assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report.

Merlin Wealth Management (MWM) is a private wealth practice with a proprietary investment unit embedded within. MWM is part of Rockefeller Capital Management (RCM). MWM has its own investment team which conducts research and due diligence and makes investment decisions for the MWM investment strategies. RCM has no influence over MWM's investment process, research, or decisions. Merlin Wealth Management was acquired by Rockefeller Capital management in January of 2020. In conjunction with that acquisition, all of the portfolio management team and virtually all of the accounts in the three equity strategies and two fixed income strategies were transferred to Rockefeller Capital Management and continued to be managed under the same strategies, using the same process and by the same team that was primarily responsible for the performance at the prior firm. The prior firm was not GIPS compliant. We are not claiming GIPS compliance on performance prior to February 2020

The goal of New Era is to identify emerging growth companies in the accelerating phase of their life cycle as well as contrarian companies that we believe will be turn around opportunities. Younger or smaller companies often experience significant profit growth. Contrarian companies may experience renewed growth through company specific events. The benchmark for New Era is the Russell 1000 Growth Total Return Index.
